This response is made on behalf of the Commanding Officer, Naval Surface Warfare Center, Port Hueneme Division.

I am partially granting BLUI's request for documents under DON-NAVY-2015-009733T (for 5330-01-610-2173 5207767). The document is marked distribution "A."

I am denying BLUI's remaining requests for these documents pursuant to FOIA exemption (b)(3). Exemption 3 requires the withholding of information prohibited from disclosure by another statute provided that the statute "(A) requires that the matters be withheld from the public in such a manner as to leave no discretion on the issue, or (B) establishes particular criteria for withholding or refers to particular types of matters to be withheld." 5.U.S.C. 552(b)(3).

10 U.S.C. 130 and the Department of Defense (DoD) implementing directive, DoD 5230.25, prohibits disclosure of technical data with military or space application in the possession of, or under the control of, the Department of Defense, if such data may not be exported lawfully outside of the United States without proper approval, authorization, or the United States without proper approval, authorization, or license under the Arms Export Control Act. 10 U.S.C. 130 is an exemption 3 statute.

The information BLUI has requested is technical data that (1) would require approval, authorization, or license for export under the Arms Export Control Act (22 U.S.C. 2751, et seq.) and (2) would disclose critical technology with military or space application.

DoD Directive 5230.25 requires that U.S. contractors be certified with the Defense Logistics Agency (DLA) Joint Certification Program to obtain technical documents containing critical technology from DoD sources. As the need arises for a company to obtain unclassified technical data for a proposal or

contract, the company shall complete the appropriate Data Request and submit it to the government agency which owns or controls the data required. As a minimum, the Data Request should include the following:

- A copy of the companies DD 2345;
- Detailed information on the data required;
- A statement of the intended data use.

As required BLUI has submitted its DD 2345; detailed information on the data required; and a statement of intended data use, but has not provided information related to which proposal or contract the technical data is needed. (See BLUI's above referenced FOIA requests)

BLUI's DD Form 2345 dated 18 April 2016 with expiration date 15 May 2021 which was submitted with its requests provides the following as the description of relevant business activity:

"MANUFACTURER AND DISTRIBUTOR OF MECHANICAL, ELECTROMECHANICAL AND MACHINED PARTS TO DEPARTMENT OF DEFENSE ACTIVITIES AND OTHER U.S. GOVERNMENT CONTRACTORS."

BLUI's description of the intended use provided is as follows: "JOBS & QUOTE."

DoD Directive 5230.24 requires all DoD Components that generate or are responsible for technical documents determine their distribution availability and mark them appropriately before primary distribution. Managers of technical programs are required to assign appropriate distribution statements to technical documents generated within their programs to control the secondary distribution of those documents. Therefore, technical data with military or space application also must be marked with a prescribed export warning statement, in addition to other markings authorizing or restricting secondary distribution.

The technical data subject to BLUI's requests is marked with a distribution statement, i.e., "DISTRIBUTION D."

Distribution authorized to Department of Defense and U.S. DoD contractors only...", to control the secondary distribution of the same and also with the prescribed export warning statement. Therefore, additional information is required in order to approve the release of the requested technical data to BLUI, e.g., a specifically identified proposal or contract.

Accordingly, since this information is prohibited from public disclosure under 10 U.S.C. 130, I am denying BLUI's FOIA requests under exemption (b)(3).

You may either submit a new request with the additional information described in this letter, or appeal the denial of your request. Should you choose to submit a new request, please submit it to: Marvin D. Rampey, Associate Counsel, NSWC PHD, Office of Counsel, 4363 Missile Way, Bldg.445-Room 28, Port Hueneme, CA 93043-5007.

Should you choose to pursue an appeal, please submit it in writing to Department of the Navy, Office of General Counsel, ATTN: FOIA/PA Appeals Office, 1000 Navy Pentagon, Room 5A532, Washington, D.C. 20350-1000. Your appeal must be postmarked within 60 calendar days from the date on this letter to be considered. A statement as to why your appeal should be granted should be included and an enclosed copy of this letter should be attached along with your original request. Both the appeal letter and the envelope should bear the notation, "**FREEDOM OF INFORMATION ACT APPEAL.**"

In accordance with SECNAVINST 5720.42F all applicable fees involved in the processing of your request are waived because the assessable costs were \$15 or less.
